

Hand-Push Cold Paint Road Marking Machine

Model Number: TR-HCP40SE

Application Method: Airless Spray, Piston pump driven by electric motor

Product Description:

It is also known as cold paint road marking machine, cold paint striper or line striping machine, adopts piston pump driven by electric motor, which solves the noise and air pollution problems of the traditional fuel line marking machine, and it can work continuously for 8-10 hours when fully charged. Coupled with its small size and light weight, it greatly facilitates the construction of various parking lots and playgrounds.

Main Parts & Characteristics:

- PISTON PUMP DRIVEN BY ELECTRIC MOTOR, LOW NOISE AND NO AIR POLLUTION, STEADY AND ABUNDANT POWER SUPPLY
- STABLE AND WEAR RESISTANCE PISTON PUMP
- LIGHTWEIGHT ANTI-SEISMIC CHASSIS
- COMFORTABLE OPERATING EXPERIENCE
- DURABLE SURFACE TREATMENT

Technical Data:

Piston pump flow	4L/min
Battery capacity & quantity	12V 20Ah & 5pcs
Battery voltage	60V
Battery charger	60V 20Ah
Charging time	approx 8H
Continuous working time	8-10H
Electric motor	1500W, 60V
Spraying gun	1 set
Spraying gun nozzle	317
Marking line width	5-20cm
Front wheel	lockable
Dimension	1700x750x1030mm
Weight	70kgs
